**LinkedIn** [www.linkedin.com/in/saud-khan-982638282](https://www.linkedin.com/in/saud-khan-982638282)

### Objective

A dedicated web developer and full-stack blockchain developer with expertise in HTML, CSS, JavaScript, Python, and Solidity. I am passionate about utilizing cutting-edge technologies to create innovative and secure web solutions that enhance user experiences. As a proactive self-starter, I thrive on taking initiatives and am adept at solving complex digital challenges to deliver substantial value to the organization.

### Work Experience:

#### Full-Stack Blockchain Developer

September 2023 – Present

*Institute of Computing, MNS University of Agriculture, Multan*

#### Research Project: Blockchain-based Food Supply Chain Traceability Solution

- Contributed to a research project that won the provisional first prize at the ASPIRE Pakistan National Idea Bank.
- Designed and implemented smart contracts for the supply chain, focusing on modular and upgradeable proxy architectures to enhance flexibility and scalability.
- Developed and integrated interactive user interfaces for seamless interaction and data management within the blockchain system.
- Oversaw the integration of 3D metaverse features and incorporated AI-driven enhancements to improve user experience and visualization of supply chain data.

#### Web Developer

January 2022 – June 2023

*It Zoon technology*

- Created and maintained responsive and user-friendly websites.
- Collaborated with designers to implement their designs into web interfaces.
- Developed front-end components and custom features using React.js
- Optimized website performance to enhance load times and user experience.
- Ensured cross-browser compatibility to guarantee a consistent experience across different platforms.

### Volunteer Experience Debating Club, MNSUAM

**Information Secretary**

June 2023 – Sep 2024

Organized engaging debate sessions and participated in competitions, improving my public speaking skills while representing the university at various events.

**Rotaract Club, MNSUAM****Member**

July 2023 – June 2025

Engaged in community service projects and collaborated on event planning, developing strong networking and organizational skills.
